Motorola Supports MCPL Makers

Pictured (l-r): Kristine Tanzi, Teen Team Manager, MCPL; Gbenga Olowoyeye, Motorola Solutions; Tracy LaStella, Coordinator for Youth Services, MCPL.

Middle Country Library Foundation was awarded a \$30,000 grant from the Motorola Solutions Foundation for Middle Country Public Library's MCPL Makers initiative, an after-school educational program designed to enhance Common Core curricula and provide students with engaging STEM activities and hands-on learning experiences through portable "Maker Spaces" in the library. As part of the project, the Library hosted a Distinguished Speakers Series presentation on December 9, 2014 on "Technology, Early Learning and Special Needs."

Thank You Motorola Solutions Foundation!
